All of our beer is made right here at Homestead Brewery. We use a German engineered "Schulz" brewhouse to craft beers of exceptional quality. Schulz have been making brewing equipment for over 350 years, so we think they know a thing or two about beer. This is the only Schulz brewhouse in Australia.

We brew once or twice a week to keep your beers fresh. If you see Steve, our brewer up on the catwalk then be sure to ask him about the next exciting brew he's working on.
